

Wind of Great Spirit Healing Drug Use Policy

3/23/2022 Michael Taylor

Wind of Great Spirit Trainings are a drug free zone. The use of psychedelic drugs, natural or chemical, legal or illegal are not permitted during the entirety of the training including evenings. Psychiatric drugs, medical marijuana (with a prescription), and medical medication are permitted. Drunkenness is not permitted. Consuming moderate amounts of alcohol is fine though it is not advised. The primary reason for this is to give you the best opportunity to experience the transformation these trainings have to offer. All the above dull and/or alter the senses and often mask any Truth or benefit being revealed. Violation of this policy, specially showing up drunk, will result in the student being asked to drop out of class. A refund of tuition will not be issued, but the student will be able to retake the class later as a repeater.
